COUNTY SUPERINTENDENTS. Uniform Methods in Many Matters Were Adopted.

Twenty-two counties were represented at the biennial meeting of county school superintendents yesterday afternoon in the city and county building. A uniform system of school records, planks for trustees' reports and reuirements for eighth-grade pupils were liscussed and committees appointed to repare reports and recommendations pon these matters.

The system of temporary certificates to teachers was discouraged and the superintendents were asked to refrain as much as possible from their issu-

It was recommended that consent be obtained to levy a higher special tax for the support of the county schools, and that the schools be run for thirtysix weeks instead of thirty-two as at esent. Also that monthly meetings of achers be held in the counties in lace of holding teachers' institutes for weeks in the summer.

Miss Ethel Rogers gave several readings and after the completion of the program it was decided to hold a Dem-ocratic day at Saltair. For the purpose of making arrangements to this end a committee was named. This committee is composed of Mesdames Cohen, Hey-ward, Newlands, Rogers, Angell and Shea and Miss Faust.

### REMOVED TO HOSPITAL.

Arthur J. Van Kuran, former local treasurer of the Oregon Short Line, has been removed from the county jail to the Holy Cross hospital, to undergo an operation for appendicitis. His condi-tion was found to be so serious that this step was considered immediately neces-

DEATH OF A FRAUD. Miserable End of the Discoverer of the

Gold Brick.

West Baden (Ind.) Special to the Post Dispatch. Van Buren Triplett, inventor of the gold brick, who made \$1,000,000 by his fraud, was buried recently in the Potter's field here. He came here from Chicago in search of health, and died in absolute poverty. Triplett was arrested more than 100 times in Chicago, and was known as one of the cleverest confidence men in the country. He traveled under several aliases, but was best known as "Old Trip." Triplett originated the gold brick swindle many years ago, but not till after a decade did he declare it perfect. At first he wore a miner's makeup, and interested some gullible persons in "western gold mine." Then he took the stranger out to the "mine,"

output assayed, and at length disposed of the gold brick. As he gained con-Triplett dispensed western trip and sold his bricks freely. Indiana was the fruitful field of his operations. Old "confidence" men say Triblett sold \$1,000,000 worth of gold oricks in this state. "In 1885," said one, "Van had one real these properties can see in 1885," said one, "Van had one real these valuable lots. No bids made to gold brick. He made \$200,000 out of it the City Council after the auction sale

by selling it to Indiana farmers, who had is assayed, and by the time the price was paid they had a substitute. He was sent to prison only once, and that was in Ohio. I think he served five years. Like all criminals, he had serves the right to confirm or reject his weakness in a money way. He was any and all bids. All the bidders will crazy on faro and horse races. Out in be treated fairly by the Council. three months against the bank. I heard from one of the best sources that he was cheated out of the big end of the money. Think of a gold brick man losing a fortune at dishonest faro!

"He lost big sums on races because he was not a student of form or ped-In some town out in the bushes Missouri he bought a good colt and engaged the old jokey. The former proprietor of the colt went along and they planned to make a 'killing.' At the next town two horses were entered. both of which had been beaten blind by the Triplett purchase. An owner of one bet \$10,000 his colt would beat Triplett's.

"Triplett put up \$8,000 and the former owner \$2,000. They lost. A week later Triplett learned that he had been swindled. The man he bought the colt from owned the colt which wen, and Triplett was 65 years of age. He was the real estate business in Chicago. but gave it up when the demand for gold bricks increased. He was married n Chicago, but three days after the wedding he was arrested, and his wife died of heart disease while he was in

AN ADDITION TO THE FAMILY.

Some of the ancestral societies have done remarkable things in New York in the science of forestry of genealogi-cal trees. I am reminded of a man whom I met on the street some time ago whose beaming face told me that nething unusual had happened. I asked him the cause of his joy, and he replied, proudly. "I have just had an

addition to my family.' I congratulated him and solicitously inquired if it was a boy or girl.
"Neither." he replied. "A grandfather!"-Rev. Henry A. Van Dyke, In

#### PUTS THE "GINGER" IN. The Kind of Food Used by Athletes,

A former college athlete, one of the long distance runners, began to lose his power of endurance. His experience with a change in food is interesting 'While I was in training on the track athletic team, my daily 'Jogs' became a task, until after I was put on Grape-Nuts Food for two meals a day. After using the Food for two weeks I felt like a new man. My digestion was perfect, nerves steady and I was full of energy. I trained for the mile and the half mile runs (those events which require so much endurance) and then the long daily 'jogs,' which before had been such a task, were clipped off with ease, I

The Grape-Nuts Food put me in perfect condition and gave me my 'ginger. Not only was my physical condition made perfect, and my weight increased but my mind was made clear and vigorous so that I could get out my studies in about half the time formerly required. Now most all of the University men use Grape-Nuts for they have earned its value, but I think my testimony will not be amiss and may per-haps help some one to learn how the best results can be obtained. Please do

not publish my name." There is a reason for the effect of Grape-Nuts Food on the human body and brain. The certain elements in wheat and barley are selected with special reference to their power for rebuilding the brain and nerve centers. The product is then carefully and sciencally prepared so as to make it easy of digestion. The physical and mental esults are so apparent after two or three weeks' use as to produce a pro-found impression. The Food can be se-

# **AUCTION SALE** OF CITY LOTS.

Approaching Event is Causing Flood of Inquiries to be Made.

SOME VERY FINE PROPERTY

Land and Water Commissioner West erfield Describes it for the "News" Kept Busy Answering Questions.

On another page in this issue of the 'News' will be found plats of some of the city lots to be offered at auction

next Monday. "These are," said Mr. Westerfield, 'the best located residence sites in the

city. "The lots on the east side of Twelfth East street, between First and Second South streets are 21/2x10 rods each, and will sell at a price within the reach of people in moderate circumstances.

"The 10x10-rod corners on First South and Twelfth and Thirteenth East streets, and on Second south and Thirteenth East streets, are the finest on the east side. To the east of these corners are fine residences and the University grounds, and to the southwest an unobstructed view over the city, valley and fake. There are only a few vacant 10x10-rod corners on the east side, and they will soon double in value. The purchaser of any one of these large corners will be fortunate indeed. Prospective bidders are daily looking over the 4x10-rod lots on First South and Thirteenth East streets, where the survey stakes show the location. These lots have the same ele-vated positions as the large corners. Then the six large lots on the east side of North State street must not be over looked. The future of this location is not in question. There is nothing to equal the grandeur of the view from these close-in lots, unless it be those on the east side of Main street about twenty-five rods above the McCune

There are also lots on the west side and on the north bench.

"The old city hall corner should be purchased by someone who values it for what it is worth. This corner would

be a good dividend payer if it had a building, and unless there is a lack of enterprise hereabouts, it will sell for a good round price per front foot. Only those who attend the auction sale of these properties can secure these valuable lots. No bids made to

will be considered as against the highest bid at the auction. 'As a matter of protection against plainly inadequate price, or an irregularity in any way, the City Council re-

Who terms of sale are that 10 per bids shall be hands of the land and water commis-sloner of Salt Lake City at the time of auction, the balance to be paid in cash upon confirmation of the sale by the City Council, Should the purchaser any property fail to make payment of the balance of the purchase price with in ten days after he is notified that the sale has been confirmed and the deed is ready for delivery, the 10 per cent deposited shall be forfeited as liquidated damages. Should the

on any lot not be confirmed, the 10 per cent deposit will be returned." Land and Water Commissioner Westerfield will gladly furnish any further information, between the ho 10 and 12 a. m. each day at his office in

the city and county building. The auction sale will be held in the City Council chamber commencing on Monday, June 17th, at 10 o'clock a. m. and ladies attending the sale will be provided with comfortable seats.

The properties on North Main and east First South streets were surveyed this week and stakes have been placed at the corners of each lot, so that if prospective purchasers clip the plats from the newspapers they can get the size and number of the lot and locate the lot from the printed diagram. These lots have now a stable intrinsic value, and the Council is anxious to obtain as near to the actual value as can be done at public auction, and to have the lots pass into the possession of peo ple who will improve them. The taxes from such improvements will be ad-vantageous to the city and enhance the

of neighboring property. Land and Water Commissioner Westerfield says that he has been kept busy for the last few days answering the many inquiries made by prospective purchasers who realize that in purchasing property at the city's sale they will be paying only net prices.
